(August 29, 2011)

RISING SUN SCHOOLS EARN AN “A”

The Rising Sun-Ohio County School Corporation, Ohio County Elementary-Middle School, and the Rising Sun High School were recently recognized by the Indiana Department of Education as Exemplary Schools. Beginning this year, the Corporation and the individual schools were given letter grades of which each earned the highest grade of “A”.

“ This is a great honor for our School Corporation and individual schools to be recognized as one of the top schools in the State of Indiana. The students, staff, parents, and community members should all be proud of this accomplishment,” stated Superintendent Patz.

Over the past several years, the elementary-middle school has been working on coordinating instruction with the State standards. Most recently, the school system has started working with the Indiana Coalition of Quality Schools to increase student learning at all levels. “We have set a goal to become a 90/90/90+ school,” stated Steve Patz. “We want 90% of our students reading at grade level, 90% of our students passing the State exams and over 90% of our students graduating on time.”
